## Interview with a Vampire!

Ladies Gentlemen and children..

Black Fairy and Hermione interviewed a vampire in school. She is over 200 hundred years old. She reassured us she had been well feed for breakfast with animal blood. This eased us into the interview nicely. The Black Fairy and Hermione asked her lots of questions

**What kind of blood do you suck?**

I try very very hard not to suck human blood...

**When did you get a car?**

Maybe a hundred years ago.

**What do you do when you are awake all night?**

I hunt for animals with my vampire friends..

**What do you have for breakfast?**

Animal blood chilled in the fridge.

**What do you do after your big long sleep?**

I change into fresh clothes. I normally sleep all day. Very unusual to be out in day time but ok here in Fermanagh because its always cloudy. I sleep in my coffin and sometimes change into a bat to fly about.

**How do you get more friends?**

People are scared of us so we hang out together. Some of the other vampires make friends by sucking peoples blood and biting them. The vampire talks about her fangs in the recorded interview..

**How do we protect ourselves?**

Eat lots of garlic, make a circle of salt and step into it.

**How do you protect your friends?**

We have a word with them.

**What do you sit on?**

Wooden benches and wooden coffin.

**What do you do when you go into town?**

I don't need to, I sit in my house, turn into a bat and feed when I need to.

**Did you have a normal life?**

Yes I was like you, but I got bitten. Now I am Immortal and I can not be killed.

**Did you ever have a sister?**

Yes she died over two hundred years ago and I still miss her.

**What do you do to protect yourself?**

I don't need to protect myself.

**What do you do when you are sad?**

I sit in a dark room.
